

SHIFT SUPERVISOR (ENERGY RECOVERY FACILITY) OSWEGO COUNTY

This position is responsible for planning and supervising the work of personnel on an assigned shift engaged in operating plant machinery and loading waste for incineration to produce high pressure steam for heat and electrical power generation.

Salary Range: \$44,966 to \$59,590 plus competitive benefit package.

Qualifications: Associate's degree in mechanical or electrical technology and five (5) years of hands-on operating experience with high pressure boilers (including boiler water chemistry), steam turbine generators, and related auxiliary equipment in a co-generation facility and/or steam-electrical facility, two (2) years of which shall have been in a supervisory capacity; **OR** graduation from high school or equivalency diploma and nine (9) years of work/supervisory experience as stated above.

Permanent appointment to this position requires successful completion of a civil service examination.

To Apply: Review of applications will begin immediately and continue until the last file date of March 3, 2010. Send application and resume with letter of interest to:
